

Lanark County publishes 2020 Festivals & Events Guide

Lanark County's Tourism Department, in partnership with the municipalities of Beckwith, Carleton Place, Drummond /North Elmsley, Lanark Highlands, Mississippi Mills, Montague, Perth, Tay Valley and Smiths Falls, is pleased to announce the upcoming release of the 2020 Lanark County Festivals & Events guide.

Gathering the complete list of annual tourism events for the guide is one that involves the effort and cooperation of virtually every community group and tourism organization in Lanark County, and results in a comprehensive resource representing the wealth of tourism-related public events that take place each year within the region.

"Our communities tell their stories through celebration, and Lanark County is very strong in that regard, with many community groups and organizations working to host multiple events each year," tourism manager, Marie White, said. "The Festivals & Events guide is a useful tool to promote these events and help visitors plan their trip to Lanark County."

The Lanark County Festivals and Events guide includes a listing of events taking place between January through December 2020, with contact information and location, as well as a full-page description about each of our beautiful communities.

The guide has been produced annually by Lanark County's tourism department since 2010 and is a sought-after resource for visitors to the communities in Lanark County. Each year, at least 50,000 copies of the Festivals & Events guide are printed and distributed throughout Ontario.

"The goal is to get the guide directly into the hands of those who can use it," White said, "We also mail the guide through direct requests to the Lanark County Tourism office."

White noted that the production of the guide wouldn't be possible without the support, collaboration and contributions of municipal and community partners in Lanark County.

"This is a true team effort, and we're thankful for the support of our partners for this project," White said.

The Lanark County Festivals & Events guide will be available later this month at the Lanark County office. Please call 1-888-452-6275 to request your copy.

The guide is also available online at <http://lanarkcountytourism.com/free-brochures/> and all events will be listed on the website calendar available at the following link: <https://lanarkcountytourism.com/lanark-county-tourism-events/>
